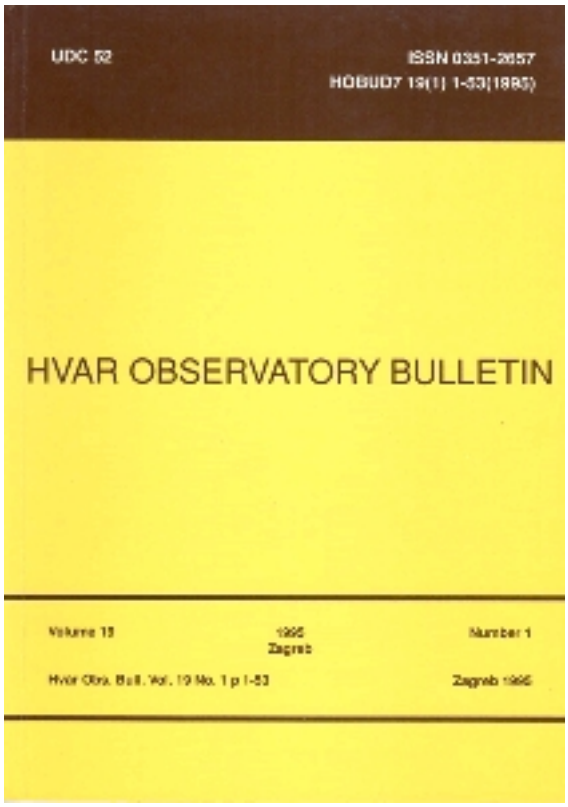
ISSN 0351-2657



The Hvar Observatory Bulletin was founded in 1977 with the purpose to publish the scientific results, including also the fields of geodesy and geophysics, obtained at Hvar Observatory established in 1972 as a joint endeavour of the Council for Scientific work of the Socialist Republic of Croatia and the Astronomical Institute of the Czechoslovak Academy of Sciences, Ondrejov (see Hvar Obs. Bull. 1, 1977, 1).

During the past decades the Hvar Obs. Bull. became a predominantly astrophysical journal, where the majority of the contributing authors were from the Central European countries. Therefore, it seemed appropriate that the name of the journal should reflect this development and at the 2nd Central European Solar Physics Meeting held in Bairisch Koelldorf in May 2005 it was proposed to rename the journal Hvar Obs. Bull. into Central European Astrophysical Bulletin .

Issues of HOB (SAO/NASA ADS):

2005, Volume 29
2004, Volume 28
2003, Volume 27
2002, Volume 26

2001, Volume 25
2000, Volume 24
1999, Volume 23
1998, Volume 22
1997, Volume 21
1996, Volume 20
1995, Volume 19
1994, Volume 18
1993, Volume 17
1992, Volume 16
1991, Volume 15
1990, Volume 14
1989, Volume 13
1988, Volume 12
1987, Volume 11
1986, Volume 10
1985, Volume 9
1984, Volume 8
1983, Volume 7
1982, Volume 6
1981, Volume 5
1980, Volume 4
1979, Volume 3
1978, Volume 2
1977, Volume 1
